

## SALT LAKE RESORTS WILL OPEN DECORATION DAY, FRESH and NEW

Tourists have called Salt Lake the city of attractions, and the term is well applied. Few towns with the population can offer so many resorts and places of amusement. This is essentially true in the summer time. There are places for all tastes, attractions for all classes. Each year marks the addition of a new resort and improvement on the old. The addition this season is Casino park, formerly Uahna. The management promises a clean, attractive park, with popular amusements and novelties. Improvements have been under way at the other resorts for several weeks, and patrons of Lagoon, Saitair, Salt Palace and Calder's park will find these places more attractive than for seasons past.

Lagoon, the family resort, will appeal more than ever this year to the man and woman who delight in spending quiet hours in the cool shade with their families and friends. New amusements have been added. Salt Laker have been planning excursions for Memorial Day, May 30, for weeks past. They longed for the welcome sight of flowers and grass even months ago, when the city was white with snow. All resorts have their formal opening Decoration Day. Work of remodeling and repairing and adding has been hurried to completion and before the auspicious date park and pavilion are now ready in their freshest garb and paint for the happy throngs.

### Lagoon Will Be Pretty.

Lagoon, with its trees and lawns and flower beds, will be prettier than ever. Under the direction of Charles Boylin, the floral decorations have been finished and show to splendid advantage. The flowers and potted plants are already in bloom, having been kept all winter in the resort's hot-house. Jake Bergerman has had charge of the work on the grounds, and not a nail is loose nor a bench out of place. About fifty men have been assisting in the repairs for several weeks. The grass is already trimmed, the flower beds laid out and the grounds in trim shape.

The principal additions made to the attractions are the shoot-the-chutes and the new restaurant. The shoot-the-chutes are new in this territory and will prove popular with persons not afflicted with weak hearts. From a platform sixty feet in mid-air slide leads down into an artificial lake. Boats, guided by grooves and a man at the rear, will make the trip, a distance of several hundred feet, with a speed not dared by the swiftest trains. The shoot-the-chutes has been built under the direction of G. W. Hull, an eastern amusement builder. Competent guides will be brought from the east to handle the boats after the fashion of gondoliers. The old pavilion has been converted into a roller skating rink. This will be conducted by Jake Bergerman.

The restaurant is built near the chutes south of the main pavilion. This cost \$6,000 and will accommodate comfortably 200 persons. Large and cool private dining rooms surround the main hall. The tables and chairs are made in Mission style and stained dark green. This color, contrasting against the wooden and the woodwork, makes a pleasing combination. The entire building is screened, well shaded and is afforded excellent ventilation by a lattice-work ceiling. Each private booth has telephone connection with a switchboard in the main hall. Persons enjoying their lunch at Lagoon can talk to their friends or business associates in Salt Lake. J. D. Gallacher, the well known Salt Lake restaurant man, has taken a lease on this building. Short orders and an evening dinner will be served during the summer months. The food served will be the best obtainable on the market, says Mr. Gallacher, and patrons of Lagoon will pay city prices for everything. The hotel park is rolled and repaired throughout. The grand stand has been remodeled and comfortable accommodations provided for several thousand people. Lagoon is famous for its flowers, its trees and shady capotes. When its gates are thrown open for the first time this season, Wednesday, mamma and papa, sister and brother, will for once enjoy expectations fully realized.

### Saitair's New Feature.

Saitair, Moorish in style and architecture, and a monument to Salt Lake capital and Salt Lake workmen, built upon the waters of the Great Salt Lake, will offer its thousands of patrons old attractions improved and many new added. While the large dance floor, 140x250 feet, and its bathing, are the main amusements for the majority of Saitair goes, the cave-of-the-winds, the house of mystery, the old fashioned merry-go-round and a dozen others are in readiness for the summer pleasure seekers.

The scheme tried to bring the water under the pier was unsuccessful, but nothing will be the chief attraction of this resort, despite the stretch of dry and separating pier and bath houses.

### The New Calder's Park.

Calder's park makes its initial bow to the public under new management on Decoration Day. For several months the company has been hard at work remodeling the grounds and equipping the place with the very latest devices, and the opening on Wednesday next promises much to those who may go there to spend the day. The park now boasts a shoot-the-chutes of most modern design; an electric launch with a carrying capacity of twenty-five to thirty persons at a time; a model miniature railroad, which skirts the lake for a distance of 1,800 feet; new bowling alleys, shooting galleries, swings and merry-go-rounds for the children, and baseball grounds second to none in this region. In addition, the park has been provided with a new restaurant with first class service at reasonable prices, long stretches of cool refreshment booths, and spacious lawns, with many other improvements which will be much appreciated. There will be dancing every afternoon, and even- ing, and the street car service is such that patrons may go and return at

their convenience. It is announced that no liquors will be sold on the grounds, and that the park will cater specially to family gatherings and Sunday school outings.

The officers and directors of the new company are: Frank Y. Taylor, president; Richard W. Young, vice president; Stephen H. Love, secretary; Hugh J. Cannon, Nephi L. Morris, William McLachlan and Hyrum Goff, Ed McLelland is manager.

### Salt Palace.

The saucer track at the Salt Palace will be the scene of hotly contested races between world-famed riders, urged on by cheering thousands of bicycle fiends.

Casino park, with its vaudeville and Japanese tea gardens, and the uptown theatres, with light comedies booked for the season, added to the resorts mentioned, promise Salt Lake the gayest, most enjoyable summer season ever offered. Salt Lake is truly a resort town, and its people are truly pleasure seekers. While not strictly a resort, Liberty park, with its pretty lawns, flower gardens and other beauties, cannot be justly omitted from a brief mention. This park is open to all, the workmen can find here a restful day beneath shady trees with his family. Children can play here upon the grass unrestrained and free from the warnings of the ever hateful "Keep Off the Grass" signs seen in most parks. All resorts have excursions, meetings and gatherings booked for weeks ahead. Secret, fraternal and private clubs have arranged special days of outing, and these, with the regular patronage, insure a successful season.

# Newbro's Herpicide

More men and women have gotten positive results from the use of NEWBRO'S HERPICIDE than from all other hair remedies combined.

Newbro's Herpicide is the ORIGINAL remedy that kills the dandruff germ. It eradicates dandruff, stops falling hair and permits a natural hair development by destroying the tiny vegetable growth (a germ or microbe) that causes hair destruction.

Nature constantly struggles to supply life and vigor to the hair, but the dandruff germ saps this vitality and strangles the life out of the hair.

## START RIGHT BY DESTROYING THE CAUSE

of Hair Loss with NEWBRO'S HERPICIDE

EXTRAORDINARY RESULTS SOMETIMES FOLLOW ITS CONTINUED USE.

### It Benefits a Lady Scalp Specialist.

2807 Archer Ave., Chicago, Ill.

"I am sending you my photograph to show what Newbro's Herpicide has done for me.

"Since I first tried Herpicide upon my hair I have used it exclusively in giving scalp treatments to others, and I would not think of trying to get along without it."

(Signed) MRS. ANNA CONNER.

### Indispensable Following Severe Illness.

1717 Tremont St., Denver, Colo.

"I was convalescent from a critical illness of pneumonia and my hair was left in a deplorable condition, falling out and breaking off, dry, harsh and brittle. The scalp lacked nutrition and seemed dead. I used Herpicide according to directions with most beneficial results and attribute the restoration of my hair entirely to your Herpicide. I can conscientiously endorse it for doing all you claim, and it gives me great pleasure to recommend it."

(Signed) MRS. M. MEGRUE.

For regular toilet use, Newbro's Herpicide easily occupies first place. It is sold in practically every civilized country on the globe, and a single trial will show why discriminating ones prefer it. Contains no sticky substance. It will not stain or dye the hair. It stops itching of the scalp almost instantly.

### NEWS OF THE COURTS.

Judge Morse yesterday found for the plaintiff in the case of Heber M. Wells et al. vs. A. G. Green. The issue involved was the ownership and possession of claims in the West Mountain mining district.

Jessie Henderson yesterday sued Charles H. Craft and wife to recover \$350 on a promissory note, secured by a chattel mortgage. The complaint shows that the defendants contracted to pay interest at the rate of 4 per cent a month.

George H. Crow brought suit yesterday to compel Max M. Johnson to deliver to him 2,000 shares of stock of the Christmas Mining company. He alleges that he paid Johnson \$100 for the stock in March, and that Johnson now refuses to deliver it to him.

The Green River Power & Development company yesterday brought suit against Guy Sterling to compel him to live up to his part of a contract to complete water filings and construct a dam on Green river, Carbon county. The dam is planned to generate electrical power.

Judge Armstrong held a session of juvenile court yesterday and gave four youthful truants another chance to reform. All were notified that, unless they mend their ways, they will be sent to the state industrial school at Ogden. All were from outside the city.

Matilda Lane yesterday sued Joseph Lane for divorce on the ground of cruelty. They were married in Denver, Colo., Aug. 9, 1899, and the wife charged that her husband assaulted her before they had been married a month, and on previous occasions thereafter. She asks that she be restored her maiden name—Matilda Glascock.

## DON'T BE ASHAMED OF YOUR CURE.

Through the selfish pride or foolish vanity of a thoughtless wife or mother, who fancies that some disgrace may attach to taking the cure for Alcoholism, and who forgets in her new found security of weary days when she writhed in fearful anguish and hid her face in shame for the condition of the helpless loved one. Other women are going through the same valley of despair through which she struggled so many helpless years.

Perhaps in the very next house some unhappy woman guards the secret that would mean rescue, joy and restored husband to the wretched ones who never heard of a cure for such sorrows as theirs. If the time ever comes when you feel ashamed to admit that your husband took the Keeley Cure, remember that you once suffered just as those are suffering and you have it in your power to help them.
